Preparation Instructions

HACCP Process: #3 - Complex Food Preparation

1. In a braising pan, heat oil. Add onions and heat for 2 minutes or until they become translucent.
2. Add chicken and continue to cook for 2 minutes.
3. Add salsa, chicken base, and remainder of seasonings and simmer for an additional 15-20 minutes or until reduced and slightly thickened. Ensure that the internal temperature reaches 165 degrees F.
4. To serve, drizzle 0.75 oz of warmed cheese sauce over 1 oz of chips, and top with 1.5 oz of chicken.

Food prep areas, Equipment, and utensils, to be used in recipe will be washed and sanitized prior to beginning the preparation and cooking.

Assemble all ingredients, utensils, etc. to be used in recipe within easy reach of prep area so that food safety can be managed more effectively as well as better control of contamination and cross contamination.

Remove frozen product from freezer using oldest pack date first.

CCP: Take and record on a temperature log all beginning temperatures of refrigerated foods before beginning the recipe.

Wash hands thoroughly before handling food, after handling contaminated food or objects, and before switching to another step where there is an opportunity for contamination. This applies as well to before and after glove use. Use clean pair of gloves when handling raw product. Replace gloves after handling any other object.
