Preparation Instructions

HACCP Process: #2 - Same Day Service

1. Cook spaghetti in water, drain, and set aside.
2. Mix together margarine, flour, salt, and milk. Stir over low heat until thickened.
3. Add soups and peppers until fully incorporated.
4. Add chicken to the soup mixture and stir. Add spaghetti. Mix completely and place in a 2 inch full size foil pans. Bake to internal temperature of 165 degrees F. Sprinkle cheese on top and bake for an additional 5 minutes until cheese melts. Hold hot for service.

Food prep areas, Equipment, and utensils, to be used in recipe will be washed and sanitized prior to beginning the preparation and cooking.

Assemble all ingredients, utensils, etc. to be used in recipe within easy reach of prep area so that food safety can be managed more effectively as well as better control of contamination and cross contamination.

Remove frozen product from freezer using oldest pack date first.

CCP: Take and record on a temperature log all beginning temperatures of refrigerated foods before beginning the recipe.

Wash hands thoroughly before handling food, after handling contaminated food or objects, and before switching to another step where there is an opportunity for contamination. This applies as well to before and after glove use. Use clean pair of gloves when handling raw product. Replace gloves after handling any other object.
