Preparation Instructions

HACCP Process: #3 - Complex Food Preparation

1. Heat oil in a large pot over medium heat. Cook onions until thry become translucent about 2 minutes.
2. Add chicken and garlic and cook an additional 2 minutes.
3. Mix diced tomatoes and tomato paste and add to the chicken mixture. Simmer for 15 minutes.
4. Add remainder of ingredients and simmer for an additional 15-20 minutes. Ensure that the internal temperature reaches 165 degrees F.
5. To serve place 1/4 cup on each tortilla. Serve 2 per portion.

Food prep areas, equipment, and utensils, to be used in recipe will be washed and sanitized prior to beginning the preparation and cooking.

Assemble all ingredients, utensils, etc. to be used in recipe within easy reach of prep area so that food safety can be managed more effectively as well as better control of contamination and cross contamination.

Remove products from storage using oldest pack date first.

CCP: Take and record on a temperature log all beginning temperatures of refrigerated foods before beginning the recipe.

Wash hands thoroughly before handling food, after handling contaminated food or objects, and before switching to another step where there is an opportunity for contamination. This applies as
