	whole	
Tortilla, Whole Wheat, 9", 12/12ct, 17.7#, 2WG, Catallia, 40029	100 tortilla	

Preparation Instructions

HACCP Process: #2 - Same Day Service

1. Mince garlic and cut onions and peppers into julienned strips.
2. In a large pot on medium heat, place oil, garlic and chicken. Cook until chicken is thawed, if already thawed, cook for 3 minutes.
3. Add onions and seasonings. Cook for 3 minutes. Add peppers and cook for 3-5 minutes until peppers and onions are tender and internal temperature reaches 165 degrees F.
4. Place in a hotel pan, and hold hot for service. Serve using 1- 9 inch tortilla placing 4oz of the chicken mixture on top.

Separate raw animal foods, such as eggs, fish, meat, and poultry, from ready-to-eat foods, such as lettuce, cut melons, and lunch meats during receiving, storage, and preparation.

Food prep areas, equipment, and utensils, to be used in recipe will be washed and sanitized prior to beginning the preparation and cooking.

Assemble all ingredients, utensils, etc. to be used in recipe within easy reach of prep area so that food safety can be managed more effectively as well as better control of contamination and cross contamination.

Remove products from storage using oldest pack date first. If frozen, keep product in original packaging and place in a pan(s). Place in cooler following proper HACCP storage guidelines to prevent cross-contamination.

CCP: Take and record on a temperature log all beginning temperatures of refrigerated foods before beginning the recipe.

Wash hands thoroughly before handling food, after handling contaminated food or objects, and before switching to another step where there is an opportunity for contamination. This applies as well to before and after glove use. Use clean pair of gloves when handling raw product. Replace gloves after handling any other object.

If a recipe contains a combination of meat products, cook the product to the highest required temperature.
