Preparation Instructions

HACCP Process: #3 - Complex Food Preparation

1. In a large pan, heat oil on medium heat. Saute carrots for 2-3 minutes. Add peppers and saute a few minutes more.
2. Add Asian Sauce recipe (12oz) and mix in.
3. Add chicken to skillet and warm throughout.
4. Add broccoli and garlic and saute until tender. Hold for hot service.

Food prep areas, equipment, and utensils, to be used in recipe will be washed and sanitized prior to beginning the preparation and cooking.

Assemble all ingredients, utensils, etc. to be used in recipe within easy reach of prep area so that food safety can be managed more effectively as well as better control of contamination and cross contamination.

Remove products from storage using oldest pack date first.

CCP: Take and record on a temperature log all beginning temperatures of refrigerated foods before beginning the recipe.

Wash hands thoroughly before handling food, after handling contaminated food or objects, and before switching to another step where there is an opportunity for contamination. This applies as well to before and after glove use. Use clean pair of gloves when handling raw product. Replace gloves after handling any other object.
